EXPERIENCE

Accounting and administrative support

Research and Technological Transfer Service Scuola Normale Superiore (Pisa, Italy)

Jan 2024 – ongoing

full-time

- Accounting procedures for funded PNRR research projects
- Assistance and consultation for the management, dissemination, and organization of research projects, research centers, and laboratories

Administrative duties and project management

Management and Healthcare Laboratory · MeS Lab Scuola Superiore Sant'Anna (Pisa, Italy)

Nov 2022 – Jan 2024

full-time

- Administrative duties and in-class tutoring in courses for top managers of the Italian healthcare system
 - Project management in a Horizon project (H-PASS) for the digital transition of healthcare workers
 - Support in the dissemination of activities and results
- Automation of office procedures with *ad hoc* Python scripts

Web manager and newsletter manager

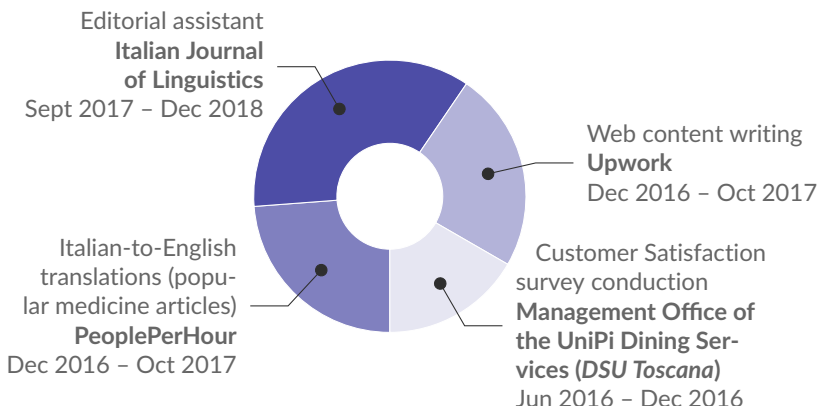

Società di Linguistica Italiana (Italian Linguistics Society)

May 2017 – ongoing

collaboration

- Management of the [website](#), with WordPress
 - Newsletter management with Mailchimp
- Proactivity rewarded twice with a significant, unprompted pay raise
- Automation of MailChimp sign-ups with specific WordPress module
 - Suggestion to set up the now-missing Italian branch of the **International Linguistics Olympiad**, a competition for secondary school students

GIGS

EDUCATION

Ph.D. in Computational Linguistics Scuola Normale Superiore, Pisa (visiting scholar @ Johns Hopkins University)

Nov 2017 – Oct 2022

cum laude

Master's Degree in Linguistics

University of Pisa

Sept 2014 – Nov 2016

110 cum laude

Bachelor's Degree in Humanities

University 'La Sapienza' of Rome

Sept 2011 – Jul 2014

110 cum laude

LANGUAGES

CONFERENCE TALKS

Invited speaker

- *Le Olimpiadi di Linguistica: un progetto di Terza Missione permanente - The Italian chapter of the International Linguistics Olympiad: a permanent Third Mission project* (2024). At the "Orizzonti della linguistica, parte II" conference; Scuola Normale Superiore, Pisa, Italy; Jan 19th, 2024.

International conferences

- LSA, 95th Annual Meeting of the Linguistic Society of America (2021). *A distributional model of argument recoverability: direct objects and Instruments*. Online due to COVID-19; Jan 7-10, 2021.
- *SEM, 9th Joint Conference on Lexical and Computational Semantics (2020). *PISA: A measure of Preference In Selection of Arguments to model verb argument recoverability*. Online due to COVID-19; Dec 12-13, 2020.
- LingEvid, Linguistic Theory Enriched by Experimental Data (2020). *Behavioral evidence on predictors of argumenthood with motion verbs*. Tübingen, Germany; Feb 13-15, 2020.
- ExLing, 10th International Conference of Experimental Linguistics (2019). *On the argumenthood of optional PPs with Italian motion verbs*. Lisbon, Portugal; Sept 25-27, 2019.
- SLE, 52nd Annual Meeting of the Societas Linguistica Europaea (2019). *Aktionsart and verb class as predictors of argumenthood: Behavioral evidence about Italian verbs of motion*. Leipzig, Germany; Aug 21-24, 2019.

National conferences in Italy

- SyntOp 2022, Syntactic Optionality in Italian (2022). *Gradient grammaticality of the indefinite object drop in Italian: behavioral evidence*. Venice, Italy; Jul 4-5, 2022.
- CLiC-it, 7th Italian Conference on Computational Linguistics (2021). *PISA: A measure of Preference In Selection of Arguments to model verb argument recoverability*. Online due to COVID-19; Mar 1-3, 2021.
